Sponsor/Client:	MITRE Corporation				
Total number of person-hours spent on project by group during past week:				15	
Is project on schedule?		Yes	[X]	No	[]

Weekly status:

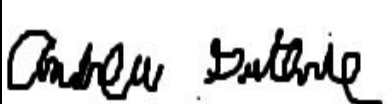

This week we have continued working in small teams and have focused efforts on the final report and presentation. Everyone is very busy and things are going well. Individually the group is making progress and testing their work. We are striving to have some sort of integrated, working solution by the end of the semester which will have very basic functionality. Our plan is to spend the next semester building on the basic foundation created this semester.
