Weekly status:

This week we formed our group, obtained an adviser, and group members introduced themselves. We got in touch with the sponsor (Ryan Nilsen at MITRE) and introduced ourselves to him. We disseminated project information and resources about the systems we'll be using (Linux/SDRs/GNURadio/UHD). We set up a meeting for Monday in which we'll more formally introduce ourselves, go over the project, and start setting up our operational environment.
